

# INVITATION TO PFH OPEN DAY

## We inform you about our education programs at PFH

The Pestalozzi-Fröbel-Haus is a renowned educational institution for educators in Berlin. At our College of Social Education ("Fachschule") you can complete your degree course as an educator as a full-time student or do it as a part-time student while already working in the social sector. Students at our Advanced Technical College for Health and Social Care ("Fachoberschule") study for their vocational baccalaureate diploma. PFH students can benefit from our cooperation with many PFH practice institutions (nursery schools, after-school care centres, youth and family centres) – some of which are located in the immediate vicinity of the PFH campus. As a school with a European profile, we promote the further development of intercultural competence providing internships abroad for full-time students.

We warmly invite you to the PFH Open Day on Saturday, February 24 from 10 am to 3 pm!
